1853
v.2

Digitized by Google

In the House of Representatives U. S.,

January 27, 1848.

Resolved, That the Clerk of the House be directed to cause to be prepared an Alphabetical List of Private Claims which have been before the House of Representatives from the commencement of the First Congress to the close of the Twenty-ninth Congress, with the proceedings of the House of Representatives and Senate thereon: showing the names of the claimants; the nature or object of each claim; at what session, and in what manner, it was brought before the House; to what committee it was referred; the nature of the report, and the number of the report if printed, and, if not, the date of the report; the number of the bills, distinguishing between the Senate and House bills; the manner in which the claim was disposed of in the House, and, in cases where it passed both Houses, the date of the act of Congress:—the whole to be compiled from the Journals of the House of Representatives, and by reference, when necessary, to the Journals of the Senate, the reports of committees, the bills of the two Houses, and the laws of the United States. And that the Clerk be authorized to employ James Young, of the city of Washington, with a compensation not exceeding the sum now paid the engrossing clerks of this House, to be paid out of the contingent fund of the House; and that the Clerk of the House furnish such aid, by the clerks of his office, as may not be inconsistent with the discharge of their ordinary duties.

In the House of Representatives U. S.,

September 2, 1850.

Resolved, That the more effectually to carry out the intention of the House, as expressed in a resolution passed on the 27th day of January, 1848, the Clerk of this House be, and he is hereby, directed to employ such number of experienced clerks (in addition to his own clerks, whose duty it shall be to assist thereat, without additional compensation when not otherwise officially employed) as will insure the completion, within twelve months, of an alphabetical list of all claims submitted to this House from the day of its organization to the end of the present Congress, according to the plan indicated in the above resolution. Their compensation shall be the same as that allowed the engrossing clerks of the House. The clerk shall cause the work to be printed as a public document, and, to insure *accuracy*, shall take care, to have the clerks carefully compare the proofsheets with their manuscript copy.

In the House of Representatives U. S.,

December 22, 1851.

Resolved, That the Clerk of this House be, and he is hereby, directed to have completed, in the shortest possible time consistent with accuracy, the digest of claims authorized by the resolutions of the House of the 27th of January, 1848, and the 2d of September, 1850, in the manner and at the rate of compensation therein authorized to the extra clerks employed upon the same; and that he pay the compensation due for services already performed on the work, which has been withheld in consequence of the restriction as to time in the resolution of 1850.

Resolved, further, That the Clerk be, and he is hereby, required to withhold the work from the press until the whole of it shall have been completed and subjected to a re-examination with the journals, reports, laws, &c.; and to have reprinted so much of that now printed as shall, by the discovery of errors in it, connected with that now incomplete or otherwise, be deemed necessary; and that the work, when ready for the press, be printed by the printer now engaged upon it.
